RE: Letter of Recommendation for Cumberland Services

To Whom It May Concern:

It is with pleasure that I write this letter of recommendation for Cumberland Services. Cumberland provided roll-off services for one of our most recent projects, the \$13M Coastal Pines Technical College project in Brunswick, GA.

Throughout the duration of the project, Cumberland was always prompt, responsive and ready for the task at hand. In a day and age of large Nation-wide waste service Corporations, it was refreshing to receive the personal service that accompanied Cumberland Services, while still maintaining the same capabilities of those larger Corporations. With their attention to customer service, competitive pricing and quick turnaround, I would welcome the opportunity to work with them on my next project. I can say with certainty that you will be hard-pressed to find another company that will go the extra mile as Cumberland Services will.

I look forward to using Cumberland Services on my next project, as I know you will too, should you give them the opportunity.

Sincerely,

ELKINS CONSTRUCTORS, INC.
