To whom it may concern,

On behalf of Sam Pickren Air, I would like to take a moment to thank Justin and the Cumberland Services team for professional and prompt service. We had previously used another service provider in our area, we performed a few smaller projects with Justin and decided to use him for all our waste removal. We use the roll-off services provided on a regular basis at our office along with coordinating different projects in and around SE Ga. and NE Fla. Justin has always been a great communicator and always on top of the task at hand. Being able to have a single point of contact that you can trust to get the job done goes a long way, from scheduling to completion the process is stress free. Justin knows the construction industry and the area which makes the process run smoothly. We will continue to support Justin and Cumberland Services as well promote the services provided.

Sincerely,
Jacob Paulk
